# EQ

KBB business management software

# Efficiently manage your KBB business in one place.

Manage all your shops and development projects in one efficient system. See – and act on – every step from sales through to installation, across numerous projects with ease.

*Price, manage and order in one system.*

## Why EQ stands apart

**MAKE QUOTING EASY**
Make pricing complex component based kitchens and bathrooms easy, with an intelligent system that uses a huge catalogue database to calculate exact quotes in minutes. Data experts constantly update the largest KBB catalogue range in the UK to ensure prices are always accurate.

**ACCESS ACCURATE & ENRICHED CATALOGUES**
Manage bulk orders, invoices and workforce in one system. When working across shops or big projects, you can make it easy for your team to see and work on their specific tasks, such as ordering or invoicing, by having them grouped together in one place.

**CRM FOR KBB SPECIALISTS**
Ensure that every project is managed smoothly with a CRM system designed for KBB retailers. Manage all your individual customer communications, designs and projects in one central tool that makes delivering projects easy.

# How it helps you

### PRICE, MANAGE AND ORDER IN ONE SYSTEM

Efficiently manage your kitchen or bathroom business in one place. From accurate pricing through to ordering and installation, EQ can handle it all with intelligent workflows that make organising your kitchen or bathroom busines s easier.

### SIMPLIFY YOUR DAILY MANAGEMENT

Our tool breaks projects down into scheduled tasks, with automatic reminders to help you and your teams manage the day-to-day easily. An intuitive user interface makes it easy to find what you need and complete your jobs quickly.

### MAKE MANAGEMENT MOBILE

Organise installers and fitters with calendars and assembly plans that sync direct to their phones. Pick up emails and essential documents while on the road, with information available anywhere you take your smartphone.

### CENTRALISE YOUR PROJECT MANAGEMENT

Manage bulk orders, invoices and workforce in one system. When working across shops or big projects, you can make it easy for your team to see and work on their specific tasks, such as ordering or invoicing, by having them grouped together in one place.

*"We are very happy to be partnering EQ with its long-standing reputation for being the number one business management software provider to the bathroom industry. To now have our catalogues updated to the Supplier Plus program and all the additional benefits this package can provide, can only speed up the necessary 'retailing' processes."*
